 August 9-12, 2000

Opening Keynote

Using Groups in PHP and Ambulatory Care

Molyn Leszcz, MD

Trainer, researcher, and theorist—Leszcz (pronounced Lesch) is a contemporary guru in group psychotherapy. His groundbreaking research has focused on geriatric depression, schizophrenia, and substance abuse. Dr. Leszcz was recommended to AABH by none other than Irvin Yalom, MD.

Strategic Keynote

21st Century Behavioral Healthcare Services

Peter Panzarino, MD

Want to know where behavioral healthcare is headed? Dr. Panzarino translates financial, economic, and social trends into practical advice for managers and clinicians. Grounded in good patient care, he chairs the Dept of Psychiatry at Cedars Sinai Medical Center and is past president of the National Assn of Psychiatric Health Systems.

Pre-Conference Events*

Full Day Institute

PC10: The Medicare PHP Benefit—Full Update

Accurate and up-to-the-minute information on the Medicare PHP benefit along with effective strategies and outlook. Covers all recent changes and clarifications including coding, documentation, provider based status, ramifications of prospective payment and more. Have your questions addressed by those in direct contact with HCFA and the Fiscal Intermediaries.

Half-Day Institutes

PC20: Ask the Expert: The Latest on JCAHO Accreditation

Mary Cesare-Murphy, PhD, Director of Mental Health Accreditation Services at the Joint Commission, is the faculty for this empowering look at new standards for ambulatory behavioral health and recent changes to the accreditation process. Here's your chance to better understand the process from the inside and pose some of those tough questions!

PC30: Practical Psychopharmacology

This half-day session provides information about a variety of new medications and newly approved uses for some "old" ones. Indications for use, research findings, and practical clinical application will be covered in a presentation that does not require a doctorate degree in chemistry.

PC40: The Nuts and Bolts of Survey Compliance

Learn the "behind the scenes" secrets of getting through those stressful but necessary surveys. What are the things you REALLY need to make sure are in place and what is it that surveyors look for in your program? Document preparation, staff readiness, physician participation —HOW DO YOU GET IT ALL TOGETHER?

*For complete descriptions and learning objectives for individual sessions, please go to our web site at www.aabh.org, or phone 703-836-2274 to request a fax copy.

Half-Day Site Visits

SV1: Hospital Based Continuum of Care

Visit this hospital-based system of care providing acute mental health and substance abuse treatment for adults, adolescents and children. Services include several PHPs and IOPs as well as other levels of care. Focus will be on the integration of care among these various levels.

SV2: Community Based Services

Innovation and collaboration are the hallmarks of this CMHC's services for children and people with serious mental illness. This half-day tour features ACT, employment and psychosocial rehabilitation, clubhouse and forensic services, with plenty of illustrations and details.

Work Scholarship

Work scholarships allow individuals to attend the conference sessions on a greatly reduced tuition in exchange for their work on site. Responsibilities would primarily be related to assisting the AABH staff with registration and faculty support activities. To apply, send a letter or fax of interest to the AABH office, Attn: Eileen Powell.

Refund/Cancellation Policy

For 100% refund, cancellations must be submitted in writing and postmarked or faxed no later than Friday, July 14, 2000. Any cancellation postmarked or faxed after July 14 will receive a 50% refund of registration fee. Cancellations after July 30 will not receive a refund, due to the expenses we incur in hotel guarantees. All refunds will be processed after August 28.
